'ARM FOR PROTECTION OF LIBERTY, AND NOT AGGRESSION,' URGES PRESIDENT IN STIRRING APPEAL

Chief Executive Defends Program for Preparedness Before Distinguished Men

NON-PARTISAN SUPPORT IS ASKED FOR PLANS

Deplores Alien Sympathies Expressed By Americans As Grave Menace

[Associated Press by Federal Wireless]

NEW YORK, N. Y., Nov. 5.—"I am confident that never again will the United States of America acquire another foot of land by conquest," announced President Wilson, in the course of an extremely important address last night before the Manhattan Club, on the occasion of its 60th anniversary. The President, in his address, opened the administration's campaign for "preparedness" and went exhaustively into the reasons back of the army and navy program determined upon for presentation at the coming session of Congress.

Throughout his address the President emphasized the fact that preparedness for defense, without any suggestion of aggression, was the aim of himself and his administration. He declared that America harbored no suspicion of any Power and was preparing to enter upon a more extensive plan of army and navy betterment without any designs upon anyone.

"I am confident that never again will the United States of America acquire another foot of land by conquest, as I believe and I am confident the nation believes that it is the right of every people to choose the government and the flag to which it shall owe allegiance," he said.

"We wish only liberty for our own self development and we are arming solely in preparation for the defense of that liberty should the time ever come when it may be threatened. This sole object is clear to us and it will become clear to the world when it is made apparent that we do not aim at conquest."

Defense Against Invasion.

"The entire country today is asking what our force for defense is and how far prepared are we to maintain our borders and our national existence against any interference with our national development."

SLACK INTEREST HOLDING UP WORK ON NEW CHARTER

For Second Successive Time Meeting is Adjourned for Lack of Quorum

Death from debility brought on by over-talking will probably be the verdict passed on the Charter Convention, which is now in a comatose state with the end almost in sight. Last night but 24 delegates appeared, and for the second successive time the body had to adjourn because of no quorum.

Lack of interest on the part of delegates to the convention is attributed to various causes by those who try to diagnose the case, but the most plausible theory is that there have been too much quibbling, discussing and peevish politics brought into the meetings to allow any serious work to be done, and that this has disgusted the delegates who do not care for the doubtful honor of "talking" in the convention.

One of the instances which shows how time is wasted occurs dozens of times every night when delegates "move to table" every motion made, with the result that ballots and roll calls are taken time after time when not really necessary.

IN WAR ARENA

BRITAIN TAKES STEPS TO CONSERVE HER GOLD

LONDON, Eng., Nov. 5.—The money order department of the postoffice issued a public statement yesterday which said that hereafter no individual or firm would be permitted to send more than \$500 a week to any one individual or firm in the United States. The object of the restrictions, it is said, is to conserve the nation's gold supply.

RUMANIA INTERNS RUSSIAN DESTROYERS?

BERLIN, Germany, Nov. 5.—Advices from Bucharest say that the Rumanian government has ordered the internment of two Russian destroyers and an armed steamer at Turnu-Severin on the Danube.

Karl Baker, proprietor of the general store of Niobe, Pa., was shot and wounded in the arm when he discovered burglars in his store.

AUSTRALIA IS BAD PLACE FOR AMERICANS NOW

Australia is no place for an American looking for work, according to W. G. Decker, about whom the Star-Bulletin yesterday published a story stating that his shoe store in Australia had been driven out of business by anti-American sentiment, and that Mr. Decker had stowed away on the Sonoma, working his way to the states.

Shortly before the Sonoma sailed yesterday afternoon, Mr. Decker called at the editorial rooms of the Star-Bulletin to say that his business which had been ruined by anti-American sentiment was an advertising agency, and that after this the same feeling closed out a shoe firm in which the owner had given him employment.

"I owned the D and H Advertising Company in Melbourne," said the young man, "and anti-American feeling drove me to the wall. I was out of work five months in Sydney, with the best references in the city, and could get nothing to do until a shoe man who owned two stores, one in Sydney, the other in Melbourne, gave me a job. They closed up my employer's business too. I have lived in Australia five years, and I can truthfully say it's no place for an American, especially at this time. They think we are too wise, that we know too much. What was good enough for them a hundred years ago is their standard today."

Decker hopes to reestablish his business in the states, and to earn money enough either to send for his wife who is now in Australia, or else go back to the commonwealth and "buck the line" again.

TO RAISE WALLS AROUND YARD OF POLICE STATION

Police station improvements brought out more discussion last night at the meeting of the supervisors when Supervisor Daniel Logan, to whom the question of building higher walls was referred last time, reported for his committee on public expenditures that the walls should be built and that other improvements should be made.

Benjamin Hollinger led the opposition last night, William Larsen remaining silent on the question. It was Larsen who at the previous meeting opposed the improvement plan so vigorously when Supervisor Robert Horner first proposed it.

Logan, who favored the proposition of building up the walls, reiterated the statement made by Horner that men were climbing out of the place entirely too often. Logan himself had visited the station during the week and taken observations of its needs.

Hollinger said that all escapes were made by prisoners first climbing to the roof of the kitchen and thence by a long step to the wall. He proposed that the kitchen be moved.

"I thought of that myself," said Logan, "but I didn't see where we could put it. There has to be a lot of other improvements, however, and I fail to see why we should not increase the height of the walls. We must also fix up the gas heater for the emergency hospital in some way, as it is all exposed at present."

Hollinger still insisted against the arrangement, and Logan, growing irate, moved that the resolution pass first reading. Then Mayor Lane took a hand, declaring Logan's motion out of order on the ground that a report was necessary from the police committee. For a moment it looked as if everything would fall flat, but Horner came to the rescue. He remembered his report of last time and gave it from memory. Following this bit of formality the resolution passed first reading.

NEW BUILDINGS NEEDED FOR SCHOOLS OF OAHU

Calling attention to the fact that several school buildings and school improvements are badly needed in the county, Superintendent of Schools Henry W. Kinney has submitted to the board of supervisors an itemized list of suggested work. The list includes an expenditure of \$3600 for cottages as follows: Ewa, \$900; Kahuku, \$900; Waiapahu, \$900; Wailua, \$900. New rooms are asked for at the following schools: Kahuku, two rooms, \$1300; Kalihi-uka, one room, \$500, and Moiliili, two bungalows, \$900. This makes a total of \$3900. A total of \$1400 is asked for cottages at Moiliili, Manoa, Waimanalo, Kailua and Kalihi-uka. The total expenditure requested by Mr. Kinney is \$5300.

HANDSOME TABLE TOP MADE FROM DOMINOES SEIZED DURING RAIDS

A handsome hardwood inlaid top for a table, five feet square, has just been made by detectives at headquarters, the material used in the top being dominoes gathered in raids on gambling dens.

The dominoes which are used by the Chinese to play su-pai, long-nan, pai-kau, tin-kau, tic-tac and other games of chance with even worse names, were laid on the tables with carpenter's glue under them and shellac was afterward poured between them.

A total of 1630 dominoes were used, and 20 dice for a centerpiece. The table is very novel, and "I would like to have all the money that has been lost on those," said Detective Hutton, gazing at the completed table.

"I'd be satisfied if I had all the money paid for fines by the fellows that were using the dominoes," Chief McDuffie commented, looking fondly at the table of which he is already growing proud.

"CHRISTMAS STORIES" TITLE OF POSTCARD ISSUED AT LIBRARY

"Christmas Stories" is the title of a neat and attractive little Christmas card which has been given away at the Christmas exhibit at the city library. The card suggests stories for both children and grownups. The list includes:

Ben Hur, Betty Leicester's Christmas, Bird's Christmas Carol, Christmas Carol, Children's Book of Christmas Stories, Christmas Every Day, Dog of Flanders, Elf Tree, First Christmas Tree, Golden Cocker, Little Wolf's Wooden Shoes, Miss Santa Claus of the Pullman, St. Nicholas Christmas Book, Santa Claus on a Lark, Story of the Christ Child, Story of the Other Wise Man, Symbol and Saint, Where Love Is God Is, Why the Chimes Rang. The books may be seen at the library, or purchased in local stores.

TO REHABILITATE HIMSELF HERE IS ABRAMS' RESOLVE

Will Remain in Honolulu and Attempt to Rectify Misdeed as Trusted Official

Louis Abrams, former secretary and a director of the Hawaiian Trust Company, who recently pleaded guilty to embezzlement and was fined \$1000, will remain in Honolulu and attempt to rehabilitate himself in the eyes of the community where he has spent the greater part of his business life.

This statement was made today by friends of Abrams, who added that he has done everything in his power to make good the shortages at the trust company, has sacrificed all of his personal and family possessions of any value, and in furnishing a new home very modestly has been aided by a friend who was willing to advance the money.

Abrams is said to be trying to secure employment in keeping books and has declared that he intends to remain in Honolulu and rectify by his later life his shortcomings as a trusted employee and official of a financial institution.

OAHU TEACHERS ANNUAL MEETING DUE NEXT WEEK

The annual meeting of the Oahu Teachers' Association will be held on Friday, November 13, in the Normal school. The first session will begin at 9:15 o'clock in the morning, and the second session, which will be in the afternoon, will begin at about 2 o'clock. Following the election of officers, the following topics will be discussed:

"Teachers' Pension Fund," "Grade Reading," "The Library and the School," "School Hygiene" and "The Course of Study."

The discussion regarding the library and the school will be taken part in by a member of the staff of the former institution. Supt. Henry W. Kinney will explain the pension fund. The discussion relating to the course of study will be led by Prof. James C. Davis. Oahu teachers desiring to attend both sessions will be given leaves of absence from their schools.

BRITISH STEAMER AFIRE AT SEA

[Associated Press by Federal Wireless] HALIFAX, N. S., Nov. 5.—Wireless messages have been received here stating that the British steamer Rio Leges is on fire in mid-ocean. The ship has sent out an S. O. S., and several steamers are reported to be answering the call. The fire is in the steamer's hold. The cause has not been reported. The steamer's destination is Queenstown.

NATIONAL GUARD NOTES

Sgt. Harold Godfrey of Co. A has been appointed a 2nd Lieut. and assigned to the 1st Infantry. He will likely join the new Kamehameha company.

The new Filipino company in command of 1st Lieut. Hampton is out every night getting in shape for the competitive drills which will be held in January. The company is making good progress.

The Kamehameha alumni company will be issued uniforms this evening and Lieut. Bostwick requests a big turnout. Several new members will join the organization this evening. The company has been assigned temporary quarters on the second floor.

Immediate work is to begin on a rifle range at Hilo for the use of companies of National Guard on Hawaii and for which \$350 was allotted yesterday at headquarters. As soon as the range is finished the members of newly formed companies will be given a chance to use it and demonstrate their ability as marksmen.

Athletics in the National Guard will get a good start in a few weeks when Lieut. Smoot will be on hand again. Indoor baseball and basketball will be taken up. Lieut. Smoot has been the athletic officer of the regiment for the last year and is a hard worker. Uniforms for the football team have arrived and were distributed to the players by Captain Bill Rosa last evening.

The Non Com club of the National Guard will hold an important meeting at the armory next Tuesday evening. The committee, composed of J. I. Evans, Philip Sing and Harold Godfrey, which was appointed to make arrangements for an entertainment in honor of the homecoming rifle team, will submit a report at this time. It has been decided to give a big smoker on Saturday evening, Nov. 27, to which all members of the guard will be invited.

DOCTORS KILLED IN BORDER FIGHT, REPORTS VILLA

Contradictory Reports Lead to Belief Men May Have Been Assassinated

[Associated Press by Federal Wireless] DOUGLAS, Ariz., Nov. 5.—Much concern is felt here for the safety of four American residents of Cananea in consequence of threats by Gen. Villa of reprisals for permission to Gen. Carranza to transport his troops over American soil.

The men are Dr. R. H. Tighen, a Dr. Miller and two chauffeurs. Dr. Tighen is chief surgeon of the Cananea Consolidated Copper Company, an American corporation, and Dr. Miller is his assistant. Another report is that the four are the two doctors, one chauffeur and a boy.

Killed in Battle, Says Villa. According to a report from Naco the doctors are dead and buried. Despatches quote Gen. Villa as informing American officials that the doctors and the two chauffeurs were killed in the battle of Agua Prieta. They were in his employ, he stated, and were on the battlefield in front of Agua Prieta giving aid to wounded men and rescuing others when bullets from Gen. Calles' troops mowed them down. Subsequently, according to the story, the four were buried where they fell.

Another report contradicts the statements of Villa and if true the men are still alive. It says the two doctors, a chauffeur and a boy were seen walking 10 miles south of Naco, Sonora, in the direction of Cananea at 5 o'clock yesterday afternoon. No mention was made of a fifth man. This report comes from Bisbee, and was received there from the copper company in Cananea.

Federal officials are making every effort to verify these reports and learn the fate of the party. There are grave fears, however, that the outbreak of anti-American sentiment in Cananea following recognition of Carranza, and allowing use of American territory to his troops has prompted assassination of the men.

Crisis Cooling Off. The Mexican crisis here has practically subsided. The Carranzistas remain in their trenches, fearing a surprise attack, but Douglas has returned to normal. The schools have reopened and residents are taking down boiler plate from their windows and doors, which they put up to prevent "stray" bullets from entering their houses.

FUNSTON REPORTS DANGER TIME PAST

WASHINGTON, D. C., Nov. 5.—Carranzistas were the principal violators of American neutrality in firing across the border during the battle of Agua Prieta, according to a report made to the war department yesterday by Maj. Gen. Funston. But each side endeavored to confine its firing, he said, to prevent injury of Americans. The danger at Douglas is over, the general says.

CARRANZA TO BEGIN AGGRESSIVE CAMPAIGN

EAGLE PASS, Tex., Nov. 5.—Gen. Obregon, Carranza's principal commander, will make a campaign against Gen. Villa from Agua Prieta, according to Eliseo Arrondede, the Carranza consul here.

MANY RACES OF HAWAII TO HELP CITY PLANNING

Outdoor Circle Members and Women of Commission to Be Heard at Pan-Pacific Luncheon

At the Pan-Pacific luncheon next Tuesday in the gymnasium of the Y. M. C. A. there will be delegates, both men and women, from every race of the Pacific resident in Hawaii to meet Mrs. F. J. Lowrey, the ladies of the City Planning Committee and of the Outdoor Circle; to hear them outline some of their plans and to tell how the different nationalities of the Pan-Pacific Club can help to carry them out.

After the ladies have laid these plans definitely before the Pan-Pacific Club members, and have informed them how they can help, committees will be appointed and a special dinner given in honor of the ladies who make the suggestions at the Tuesday luncheon, and at the dinner pledges will be given as to just what part in the carrying out of the city planning work the Pan-Pacific Club will take. Already a committee with Mayor Lane at its head is at work arranging for a big celebration in March commemorative of the first anniversary of the Hawaiian Protective Association, when the Pan-Pacific Club will agree to take its definite share in the work of assisting the Hawaiians to get back on the land.

With what the ladies of the Outdoor Circle and the Hawaiians have in mind for the Pan-Pacific Club to assist in accomplishing, it is felt that the energies of all of the Pacific nationalities in Honolulu will be strained for a time in making a fair start.
